

The Growing Times

Best Wishes & Fond Memories

June is the start of ICDC saying farewell to our oldest children who are moving on and up in the world of education. These children are heading towards formal school; Kindergarten!

We wish all our young graduates of ICDC the best for their start of Kindergarten. We will miss you terribly. Please keep in touch over social media or simply by emailing photos to share with your friends that remain here.

Cheers to a wonderful future!!

Dates & Reminders

June 21 Board Meeting, Microsoft
Teams @ 8:30

Fall 2021

The Fall season is fast approaching and we are working on our September enrollment already! For families who have children moving onto Kindergarten please remember that we require 2 months notice for giving up a space at ICDC. If you plan to leave ICDC for Kindergarten in September the deadline for notice is Wednesday June 30.

Fundraising FYI

Families are able to pay their fundraising fee in installments throughout the year rather than a lump sum in December. Please talk to Tami to arrange what works best for your family.

We thank all our families for their generous support, especially this year during unforeseen circumstances.

mabel's labels®

Need to label your child's supplies and clothing?

You can do so and support ICDC!

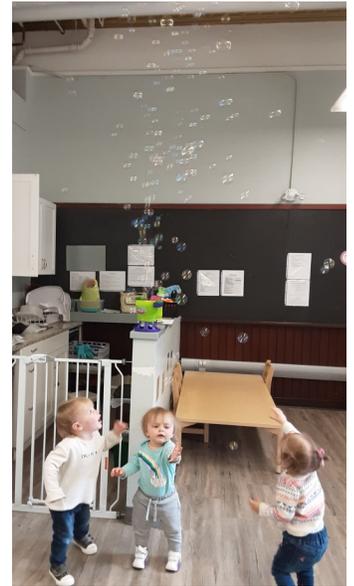

Go to www.mabelslabels.ca. Once you have chosen your items go to your cart and click on Support Fundraiser and type in Inglewood Child Development Centre

News from the Rooms

Room 1

During our recent activities, the children explored new things through their senses. Some children wondered why it is sticky, and don't want to do the activity anymore.

Sensory exploration is the first way of learning. In Room 1, we will provide more activities where children will learn properties of objects through sight or tactile. These activities will be incorporated with our daily routines, whether arts or play. In so doing, they will learn new words that corresponds or describes objects. Pardon us if we get messy sometimes. We will have fun!!!

Room 2

Time flies when you are having fun! We can't believe it's already going to be June. The toddlers have been noticing all the signs of spring. Maybe they have told you about the birds nest, blooming flowers on the trees and side walks. We have talked and sung about the sun, rain, trees, flowers and BUGS! The toddlers are becoming familiar with the names of a lot of different animals. If this interest remains, we will transition to farm animals and pets too.

Room 4

This month we are encouraging our peers to seek out new friends. Our group tends to pick the same peers in play, as a result we the educators have been pairing different sets of friends to socialize and expand their interests. We are still working on stretching their time on activities, which has been improving!

Room 5

Our children enjoyed making Mother's Day cards for their moms. They really put lots of effort into it and were so proud to give the cards to their moms. Also, our children did lots of artwork such as coloring, painting, drawing, and cutting of magazines last month.

Throughout the month of June, we continue to explore fun indoor and outdoor activities. We are going for walks by the river to find and collect the nature stuff such as bugs, different types of leaves, flowers, and birds. After walking, our children will choose their nature stuff to draw, make and color. Amy and Hyeah will provide the art materials that the children require.

Room 3

We were excited about Mother's Day and planned our activities around it. The children were engaged in creative art to present to their moms, to make her feel loved and special. The children were happy as they presented their creations to their moms.

The children worked on team building by sharing activities together such as marble painting. They held the containers together to move the marbles through the paint. It was a great physical activity as well, since they had to focus on controlling their body movement.
